Voices from Small Places is a project of the Center for Regional Heritage Research, SFASU. More information about this project and other Center activities can be found at <http://www.sfasu.edu/heritagecenter/>. The full version of this survey utilizes the THC's Section 106 fields.

Notes: House is in poor condition but has a rear gable wing and a back porch; there is an open well; the double-crib log corn crib is behind out about 100 yards and is in poor condition - has lean-to shed room extension. This place was "chigger central."
